CONSTRUCTION NOTE

Ochre Cardigan is worked in one piece from the top down with simple raglan shaping. Stitches are cast on for the neck, then markers are placed to define the raglan shaping. The knitting is worked flat, with increases to form the fronts, back and sleeves, creating the raglan line. Once the yoke is complete, the garment is divided to separate the sleeves from the body. Work is continued to complete the body, with stitches picked up for the collar, then the sleeve stitches are picked up and worked in the round to the cuff.
