NOTES

The tee is knitted from the bottom with an alternative garter tab cast-on. Increases are made (similar to shawl knitting) until the folded triangle reaches half the width of the tee. A second similar piece is made and both pieces make the bottom wedges of the tee. In smaller sizes, 2 chevrons join the pieces in the round until the underarm length is reached. The chevrons are divided to be worked straight separately for the front and the back until the armhole depth is reached. In larger sizes, the bottom wedges are divided for front and back, then each piece is joined with a chevron to be worked separately with armhole shaping until the armhole depth is reached. The front and back shoulders are joined for decreases in the round until the neck width is reached. 2x2 ribbing completes the v-neck. Shoulder details are added using surface chain stitches, and armhole finishing is completed using the same strand of yarn from the surface chain.

Tips on adding length to the tee and increasing armhole depth are included. You will need more yarn if you make these modifications.

Shoulder and Armhole Finishing (both sides similar)

Using CC and a crochet hook, work surface chain stitches in the gap between the 2 lines of decrease stitches on the shoulder from the neck towards the armhole. Refer to surface chain stitch technique, demonstrated in the video linked on p.4. You will need a crochet hook that creates surface chain stitches that match the gauge of your work. The sample uses a 4 mm / G6 hook.

Pass working yarn in CC through the armhole and pull it towards the neck so that the working yarn is on the WS of your work and coming from the armhole. With RS facing, make a gap between the 2 lines of decrease stitches on the shoulder to lengthen the bars between these 2 lines (Pic. 1). Locate the 2 bars in CC nearest to the neck. Insert crochet hook into the adjacent space nearer to the neck (Pic. 2). Yarn over, and pull a loop from WS through to the RS.

1

2

Insert crochet hook into the next space above, between the bars. Yarn over and pull another loop through to the RS, and through the stitch on the hook. One surface chain stitch is made. Repeat * to * until each space between the bars from the first surface chain stitch to the armhole have been worked. Remove the crochet hook and lengthen the last loop (Pic. 3).

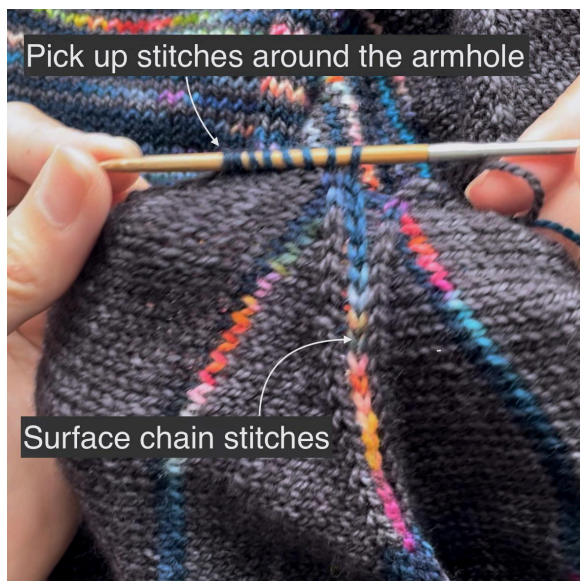

3

4

Insert 3.25 mm (US 4) needle into the last loop (Pic 4). With the same working yarn, pick up and knit 3 sts from every 4 rows around the armhole.

Next Rnd: BO all sts knitwise. If you find that the armhole tightens too much after binding off, try any of the following:

1. Use a larger needle to work the finishing around the armhole.
2. Bind off more loosely.
3. Pick up stitches from every row around the armhole.

Break yarn.

FINISHING

Seam the bind-off garter edges on the hem at the front and the back of the tee using the Horizontal Invisible Seam method. Weave in ends. Soak and block to measurements in schematic.
