DANIELA PULLOVER

by Claudia Q

DESCRIPTION

The Daniela Pullover is a soft embrace in shades of blue, designed to echo calm skies and tranquil waters. Its seamless top-down construction flows as effortlessly as nature itself. Gentle short rows shape the neckline, raglan increases bloom into the yoke, and the body and sleeves continue in smooth, uninterrupted rounds. Finished with delicate contrasting ribbing.

NOTES

The Daniela Pullover is worked seamlessly from the top down, beginning with short rows to shape the neckline. Raglan increases create the yoke, and the body and sleeves are separated at the underarm before being worked in the round. The hem, cuffs, and neckline are finished with a delicate contrasting colorwork ribbing.

STITCH GUIDE

M1L (make 1 stitch left leaning) Insert left needle, from front to back, under strand of yarn which runs between next st on left needle and last st on right needle; knit this st through back loop (1 stitch increased)

M1R (make 1 stitch right leaning) Insert left needle, from back to front, under strand of yarn which runs between next st on left needle and last st on right needle; knit this st through front loop (1 stitch increased)

Ssk (slip, slip, knit) Slip two stitches knit-wise one at a time from LH needle to RH needle. Insert point of LH needle into front of two slipped stitches and knit them together with right needle (1 stitch decreased)

Make double stitch (German Short-rows) Slip the first stitch on the left needle purl-wise and pull the working yarn over top of the right needle tightly to create a double stitch. This is really the two legs of the stitch in the row below.

Reposition the yarn as needed for the next stitch: to the front for a purl stitch, to the back for a knit stitch. Work the next few sts tighter than usual. Later, when working the double stitch, work it as a single stitch (like a k2tog). This is the key feature of the German Short Row.
