NOTES

This sweater is a cropped, loose-fitting pullover worked from the top down. The knitting begins with a wider neck and continues in the round with raglan shaping. As the raglans increase, change to a longer circular needle. The neckband is picked up and worked from the bottom up forming a ridge at the bottom of the neckline. A section of German Short-rows are worked at the back neck, around the sleeve edge and lower edge (optional) to help with fit. The sleeves are written for DPNs, however an alternate method of working small circumferences can be used, such as Magic-Loop.

STITCH GUIDE

Make double stitch (German Short-rows)

Slip the first stitch on the left needle purl-wise and pull the working yarn over top of the right needle tightly to create a double stitch. This is really the two legs of the stitch in the row below. Reposition the yarn as needed for the next stitch: to the front for a purl stitch, to the back for a knit stitch. Work the next few sts tighter than usual. Later, when working the double stitch, work it as a single stitch (like a k2tog). This is the key feature of the German Short Row.

M1L (make 1 stitch left leaning)

Insert left needle, from front to back, under strand of yarn which runs between next st on left needle and last st on right needle; knit this st through back loop (1 st increased)

M1R (make 1 stitch right leaning)

Insert left needle, from back to front, under strand of yarn which runs between next st on left needle and last st on right needle: knit this st through front loop (1 stitch increased)

Ssk (slip, slip, knit)

Slip two stitches knit-wise one at a time from LH needle to RH needle. Insert point of LH needle into front of two slipped stitches and knit them together with right needle (1 stitch decreased)
