PATTERN NOTES

This sweater is worked from the top down with raglan shaping. A section of wrap and turn short rows are worked at the back neck and back hem to help with fit. Sleeve instructions are written to use DPNs, however an alternate method of working small circumferences can be used, such as Magic-Loop, or a short circular needle for the larger sizes. When working stranded colour work, keep floats in the back loose to maintain stretch. For floats longer than 5 sts, twist yarns together in the back.

STITCH GUIDE

M1L (make 1 stitch left leaning)

Insert left needle, from front to back, under strand of yarn which runs between next st on left needle and last st on right needle; knit this st through back loop (1 stitch increased)

M1R (make 1 stitch right leaning)

Insert left needle, from back to front, under strand of yarn which runs between next st on left needle and last st on right needle: knit this st through front loop (1 stitch increased)

Ssk (Slip, slip, knit- single decrease)

Slip two stitches knit-wise one at a time from left needle to right needle. Insert point of left needle into front of two slipped stitches and knit them together with right needle (1 stitch decreased)

w&t (wrap & turn)

Slip next st to the right needle, take yarn to opposite side of work between needles, slip same st back onto left needle. Turn work, ready to begin working in opposite direction.

If necessary, work even in pattern until sleeve measures 8½ (9, 9½, 10, 10½, 11, 11½, 12)" / 21.5 (23, 24, 25.5, 26.5, 28, 29, 30.5) cm from underarm, or 2" / 5 cm less than desired length, making sure to end on a chart row between 5-10, or 15-20. Break CC yarn, and continue in MC yarn only.

Sizes XL, 2X, 3X, & 4X Only
