PATTERN NOTES

This is a circular yoke-necked pullover worked from the top down. The body and sleeves are worked seamlessly in round to the base of the yoke, then each worked separately in the round. Sleeve instructions are written to use DPNs, however an alternate method of working small circumferences can be used, such as Magic-Loop. As yoke increases, change to a longer circular needle. If adjusting the length of the sleeves or body the rows in which the colours are changed may also need to be adjusted to keep the same colour block effect.

STITCH GUIDE
