#Bye Bye Birdie Cardi

NEEDLES: 3.5 mm / 100 cm [US 4 / 40"] circular needles or the required needle size to obtain the correct gauge.

SLEEVES: Use your favorite needles and method to work small circumferences: double point needles, 80 cm length circular needles to work magic loop or the 23 cm minis.

RIBBING AT NECKLINE & CUFFS: 2.75 mm circular needles with the corresponding cable size or the adequate needle size respect the larger needles.

SUGGESTED YARN:

LaMiel Yarns, Linden mini; fingering weight, 100% Superwash Merino. 20 g, 80 m / 0.70 oz, 88 yd.

24 colors from the Advent Calendar 2023.

NOTIONS: 10 normal markers, 4 bulb style markers, hook or a stitch repair tool to complete the braids, stitch holders for the sleeves, 6 - 7 buttons and tapestry needle.

.....

GAUGE

23.5 stitches x 28 rounds = 10 x 10 cm [4"]
in stockinette stitch worked **FLAT** after blocking.

CONSTRUCTION:

This cardigan is worked from the top down without seaming.

Once you have worked the neckline ribbing, we will place markers to indicate where the raglan increases will go and we will mark the 4 stitches for the braids while we do a double increase on them (you do this only once at the beginning and you forget of this until we reach the hem of the body)

Then you will work short rows to shape the neckline so that it fits perfectly in the neck area and you will work a yoke with raglan sleeves and very easy increases. You will separate sleeves and body and work them separately following the lace scheme that we have drawn when working the raglan.

TECHNIQUES :

Tubular cast-on <https://youtu.be/wH4QjLringM>

Twisted knit (k-tbl) : Knit over the back loop of the stitch. (see this on the tubular cast-on video)

German Short Rows: After turning your work whenever it is indicated, make a double stitch (**s&w**) as follows: with yarn in front, slip purlwise one stitch from the left needle to the right, pull the yarn up and over the right needle until it rest on the back (leave it in the back if the next stitch you need to work is a knit or bring it forward if it is a purl). You will have created a double stitch that you will treat as a single stitch when you need to work it the next time (make sure you work through both legs when you do). <https://youtu.be/OE833lok5BM>

ssk. left-slanting decrease; slip two stitches knitwise, 1 at a time, from the left needle to the right needle. Insert the left needle into the front of this two slipped stitches and knit them together through the back loop.

THE BRAID. https://youtu.be/WwifnGH_1J4

The braids that run from top to bottom of the jacket are worked as follows:

1. Drop the next 3 sts off the left needle and undo all rows until you reach the bulb marker you placed on Row 4 of Raglan Preparation.

2. Use a hook or a "stitch-fixer" tool to work the braid as follows:

- From the WS place the stitch and the two strands that you had held with the marker on the hook, take

4 of the strands resulting from the rows that you have undone and pass them through the strands that you have on the hook.

- Turn work and work from the RS to the end.

- *** Take 4 of the strands resulting from the rows you have undone and pass them through the strands you have on the hook, rep from *** until you have worked all the strands again.

- Place the 4 last strands on your left needle and work a purl taking the four strands together.

Italian tubular bind of: <https://youtu.be/YJ5iwTxvwBU>

Buttonholes <https://youtu.be/HRinBMXqv9c>

Depending on your size and the buttonholes you want to put, you will work one buttonhole each:

IF YOU WANT 6 BUTTONS: 34 (34, 36, 36-38) [36-38, 38, 38] {38-40, 40, 40-42} Rows.

IF YOU WANT 7 BUTTONS: 28-30 (28-30, 30, 30-32) [30-32, 32, 32] {32-34, 34, 34} Rows.

***when a range appears, for example: 36-38; It means that we must work the Buttonhole Row in Row 36 from the last one and then in Row 38 from that; and so on, alternatively.

¿DO YOU WANT MORE BUTTONS?: You have to divide your total number of rows between the two base buttonholes (the top and bottom) by the number of buttons you want minus 1 (if I want 15 buttons, I divide it by 14. In this case, your number of rows for this operation would be: 170 (172, 180, 184) [186, 190, 190] {196, 202, 206}

The buttonhole is always worked on the WS Rows and in the first 7 stitches (those that correspond to the placket). Where appropriate, you will work those 7 points as follows:

_____ In the neckline and worked with the smallest needles: k3, BUTTONHOLE <sl1, (sl1, pass first slipped sts over the second) x 3, return the last st from the right needle to the left needle; cast on 4 st using cable cast on, return last cast on st to left needle, k2tog>.

_____ Working with larger needles: k3, BUTTONHOLE <sl1, (sl1, pass first slipped sts over the second) x 2, return the last st from the right needle to the left needle; cast on 3 st using cable cast on, return last cast on st to left needle, k2tog>, k1.

Cable cast-on: see this on thebuttonholes video.

PATTERN BEGINS

CAST-ON

Use smaller needles to cast on 98 (102, 106, 110) [114, 118, 122] {126, 130, 134} sts using the tubular cast-on method.

Set Up Row 1 (RS): *sl1, k1-tbl* rep from * to * to end.

Set Up Row 2 (WS): *sl1, k1* rep from * to * to end.

***If you feel that this method is too difficult for you, cast on the same stitches with a long tail cast-on or with your preferred cast-on method and skip to the Neckline section by working a preparation "Row 0" that will be worked the same as Row 2 (WS).

NECKLINE

Row 1 (RS, place markers): k7, pM, *k1, p1* rep from * to * until there are 7 sts left, pM, k7.

Row 2 (WS): k7, sM, *k1, p1* rep from * to * until the M, sM, k7.

Work Row 2 three more times.

Row 6 (WS, buttonhole): k3, BUTTONHOLE <sl1, (sl1, pass first slipped sts over the second) x 3, return the last st from the right needle to the left needle; cast on 4 st using cable cast on, return last cast on st to left needle, k2tog>, sM, *k1, p1* rep from * to * until the M, sM, k7.

Row 7 (RS): k7, sM, *k1, p1* rep from * to * until the M, sM, k7.

Rep Row 7 once again.

BUTTONHOLE REMINDER:

***Remember to write down the rows worked from the previous buttonhole so that you don't forget to work it.

SHORT ROWS SECTION (COMPLETE) COUNTS 2 ROWS IN BUTTONHOLES SEPARATIONS COUNTS.

6 BUTTONS, work a buttonhole each: 34 (34, 36, 36-38) [36-38, 38, 38] {38-40, 40, 40-42} Rows.

7 BUTTONS, work a buttonhole each: 28-30 (28-30, 30, 30-32) [30-32, 32, 32] {32-34, 34, 34} Rows.

The buttonhole is always worked on the WS Rows and in the first 7 stitches (those that correspond to the placket). Where appropriate, you will work those 7 points as follows:

k3, BUTTONHOLE <sl1, (sl1, pass first slipped sts over the second) x 2, return the last st from the right needle to the left needle; cast on 3 st using cable cast on, return last cast on st to left needle, k2tog>, k1.

Row 1 (RS, inc, separate body and sleeves): k7, sM, {k to M, yo, sM, k10, slip next - (-, -, 66) [70, 76, 84] {90, 98, 104} sts into a stitchholder, cast on - (-, -, 9) [9, 9, 11] {11, 13, 13} sts using the slip knot method, k to M, sM, yo} x 2, k to M, sM, k7. [4 sts inc; - (-, -, 260) [268, 280, 288] {304, 324, 336} sts]

_____ ALL SIZES:

Row 2 (WS): k7, sM, p to last M, sM, k7.

BODY

_____ FOR SIZES - (-, -, 4) [5, 6, 7] {8, 9, 10} :

Row 1 (RS, inc): k7, sM, {k to M, yo, sM, k to M, sM, yo} x 2, k to M, sM, k7. [4 sts inc; - (-, -, 264) [272, 284, 292] {308, 328, 340} sts]

Row 2 (WS): k7, sM, p to M, sM, k7.

Rep these two rows - (-, -, 0) [4, 7, 11] {13, 14, 17} more times. [- (-, -, 0) [16, 28, 44] {52, 56, 68} sts inc; - (-, -, 264) [288, 312, 336] {360, 384, 408} sts]

_____ ALL SIZES:

Row 1 (RS): k7, sM, {k to 2 sts before M, ssk, yo, sM, k to M, sM, yo, k2tog} x 2, k to M, sM, k7.

Row 2 (WS): k7, sM, p to M, sM, k7.

Rep these two rows 50 (50, 50, 49) [45, 42, 38] {36, 35, 32} more times, or your desired length minus 8 cm / 3.25" (3.5 cm / 1.5" correspond to the hem and the other 4.5 cm / 1.75" are those gained with blocking, approximately).

braids:

The braids that run from top to bottom of the jacket are worked as follows:

1. Drop the next 3 sts off the left needle and undo all rows until you reach the bulb marker you placed on Row 4 of Raglan Preparation.

2. Use a hook or a "stitch-fixer" tool to work the braid as follows:

- From the WS place the stitch and the two strands that you had held with the marker on the hook, take 4 of the strands resulting from the rows that you have undone and pass them through the strands that you have on the hook.

- Turn work and work from the RS to the end.

- *** Take 4 of the strands resulting from the rows you have undone and pass them through the strands you have on the hook, rep from *** until you have worked all the strands again.

- Place the 4 last strands on your left needle and work a purl taking the four strands together.

Braids row (RS, dec): {(k to M, sM) x 2, k6, make a braid, knit 7 (9, 9, 11) [11, 11, 13] {13, 15, 15}, make a braid} x 2, k to end - sM when you find them. [8 sts dec; 200 (212, 232, 256) [280, 304, 328] {352, 376, 400} sts]

hem

Remove central M while working Row 1, you only need to keep the first and last M.

Row 1 (WS, dec): k7, sM, (p1, k1) x 46 (49, 54, 60) [66, 72, 78] {84, 90, 96}, p2tog, (k1, p1) x 46 (49, 54, 60) [66, 72, 78] {84, 90, 96}, sM, k7. [1 st dec; 199 (211, 231, 255) [279, 303, 327] {351, 375, 399} sts]

Row 2 (RS): k7, sM, *k1, p1* rep from * to * until the M - last sts is a k1, sM, k7.

Row 3 (WS): k7, sM, *p1, k1* rep from * to * until the M - last sts is a p1, sM, k7.

Rep Rows 2 & 3 twice again. Rep Row 2 once.

Row 9 (WS, buttonhole): k3, BUTTONHOLE <sl1, (sl1, pass first slipped sts over the second) x 2, return the last st from the right needle to the left needle; cast on 3 st using cable cast on, return last cast on st to left needle, k2tog>, k1, sM, *p1, k1* rep from * to * until the M - last stitch is a p1, sM, k7.

Work rows 2 & 3 twice again.

bind of:

Row 14 (RS): sl1_wyif, *k1, sl1_wyif* rep from * to * to end.

Row 15 (WS): k1, *sl1_wyif, k1* rep from * to * to end.

Cut yarn leaving a strand 3 times the size of your stitches and bind of using the Italian tubular method or the tubular method, whichever makes you feel most comfortable.

***If you feel that this method is too difficult for you, just bind of with a needle two sizes larger and a simple bind of method or your preferred elastic method. If you are going to do it like this, it is not necessary to work Rows 14 & 15.

SLEEVES (REP ON EACH SIDE)

Replace the 50 (52, 58, 66) [70, 76, 84] {90, 98, 104} sts on hold for the sleeves on your needles and work as follows:

Rnd 1 (RS): pick up and knit 6 (8, 8, 10) [10, 10, 12] {12, 14, 14} sts from cast-on edge, pick up and k3 extra sts on the gap between the cast-on and the stitch on the needles (so we make sure that there are no holes in this part), over the sleeve sts work: k5, sM, yo, k2tog, k to 2 sts before M, ssk, yo, sM, k5; pick up and k3 extra sts on the gap, k 3 (4, 4, 5) [5, 5, 6] {6, 7, 7}, pM to indicate beginning of rnd. [62 (66, 72, 82) [86, 92, 102] {108, 118, 124} sts]

Rnd 2: k to end.

Rnd 3: k to M, sM, yo, k2tog, k to 2 sts before M, ssk, yo, sM, k to end.

Rnd 4: k to end.

Rep Rows 3 & 4 - 16 (15, 9, 16) [12, 18, 24] {20, 14, 10} more times.

_____ ONLY SIZES 1 (2, 3, 4) [5, 6, 7] {-, -, -} :

Cut yarn leaving a strand 3 times the size of your stitches and bind of using the Italian tubular method or the tubular method, whichever makes you feel most comfortable.

_____***If you feel that this method is too difficult for you, just bind of with a needle two sizes larger and a simple bind of method or your preferred elastic method. If you are going to do it like this, it is not necessary to work Rows 14 & 15.

FINISHING

Weave in all ends with tapestry needle. Wet block your garment to finished measurements.

Sew the buttons.

HOW TO WORK WITH COLOR

USING THE 24 MINIS, WORKING THE ADVENT CALENDAR FADE

Before you start knitting, make sure you are clear about the order of the colors. Do it before, do not leave it and do it while you knit because, at some point, it will get dark and the light will not be the best in the world and there are certain colors that you could confuse.

How to work a fade?

Let's say you are going to make 8 Rows of each color, you are going to work as follows:

START STEP. Make 6 Rows with color 1.

STEP 1 - Add the next color but do not cut the strand of color 1.

STEP 2 - Make 2 Rows with the new color.

STEP 3 - Make your last 2 Rows with the old color.

STEP 4 - Cut out the old color (you're done with it).

STEP 5 - Make 4 Rows with the new color.

Rep from Step 1 as many times as there are color changes.

How do I distribute color changes?

We can do it in two ways:

1. BY STRIPES OF THE SAME WIDTH:

In smaller sizes you can distribute it so that you make the same number of rows/rounds with each color.

Let's see an example: for a size 3, which is what I have knitted, the distribution would look like this:

- With color 1 I have knitted all the rounds of the neckline

*** Be careful, here I have not done the fade trick and I have directly changed the color so that the neckline was slightly marked, I advise you to do it like this.

- For the yoke and body I have knitted 8 Rows with each color (as in the example above)

- For the sleeves I have alternated: 8 Rows, 10 Rows & 10 Rows and start again.

- For the hem and cuffs I have left the last two colors and when changing to these colors I have not used the fade trick either for the same reasons as in the neckline.

Depending on your size, you must distribute the color stripes as follows:

FOR SIZES 1 (2, 3, 4) [-, -, -] {-, -, -}:

- Work the entire neckline with the same color.
- Work the entire yoke with stripes of 8 rows.
- Along the body: For sizes 1 & 2, you must adjust to work 6 - 8 Rows, alternating as appropriate. So that you can do the calculations comfortably, the body is worked 104 rounds before the elastic. For sizes 3 & 4 keep on continue with stripes of 8 rows
- Leave the last two colors to work on the hem of the body and the cuffs of the sleeves.
- For the sleeves alternate 8 Rows, 10 Rows & 10 Rows and start over. Keep in mind that if you lengthen your sleeves you will have to do more rows.

FOR SIZES - (-, -, -) [5, -, -] {-, -, -}:

- Work the entire neckline with the same color.
- Work two stripes of 10 rows.
- Work the rest with stripes of 8 rows.
- Leave the last two colors to work on the hem of the body and the cuffs of the sleeves.
- For the sleeves alternate 8 Rows, 10 Rows & 10 Rows and start over. Keep in mind that if you lengthen your sleeves you will have to do more rows.

FOR SIZES - (-, -, -) [-, 6, 7] {8, 9, 10}:

- Work the entire neckline with the same color.
- Work the entire yoke with stripes of 10 rows.
- Along the body, depending on your size, you must adjust to work 8 - 10 Rows, alternating as appropriate. So that you can do the calculations comfortably, the body is worked 104 rounds before the elastic.
- Leave the last two colors to work on the hem of the body and the cuffs of the sleeves.
- For the sleeves alternate 8 Rows, 10 Rows & 10 Rows and start over. Keep in mind that if you lengthen your sleeves you will have to do more rows.

*** According to my calculations, the colors that consume the most are those used in position 13 -14 (they correspond to days 12 & 11 of the calendar).

Doing our distribution of stripes in this way, the yardage in these strips depending on the size would look like this: 11 (12.2, 13.2, 15) [16, 19.8, 22] {23.8, 25.2, 26.2}. Taking this into account, from Size 7 onwards we would not be able to get this using a mini (20 g), so, yes or yes, we would have to do it by weight or widen the stripes on the yoke (they have the fewest stitches). My advice is that, from Size 6 onwards, you do it as I indicate below and thus, we will not live on the limit.

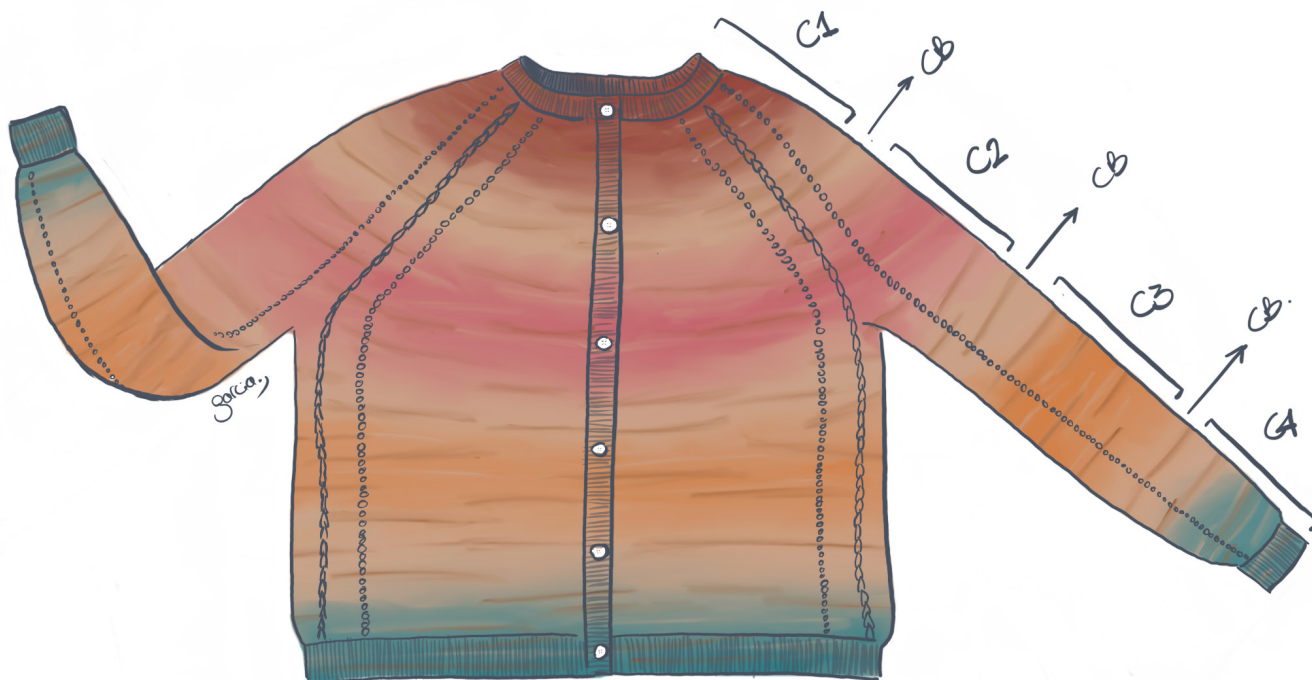

2. BY WEIGHT:

In bigger sizes, since we don't want to run out of yarn, it's easier to do it by weight, so your kitchen scale will be your best ally.

Depending on your size, the weight for each color should be: 9.25 (9.80, 10.75, 11.95) [12.80, 13.90, 15] {16.15, 17.50, 18.65} g. They are approximate weights, with an extra 5% just in case. My advice is that you weigh along the yoke and then distribute the rows of the body between the colors that remain, I think it is easier that way.

THE SHORT ROWS SECTION (COMPLETE) COUNTS AS 2 ROWS FOR COLOR CHANGES.

5 SKEINS VERSION, STRIPES & FADE

We have 5 different skeins and, if you look closely, you will see that there is one in tan colors that serves as a binder for all the others, we are going to call it Main Color.

The idea is to work 4 defined stripes of each of the colors (C1, C2, C3, C4) and intersperse stripes of the Main Color.

How to work a fade?

Let's say you are going to make 8 Rows of each color, you are going to work as follows:

START STEP. Make 6 Rows with color 1.

STEP 1 - Add the next color but do not cut the strand of color 1.

STEP 2 - Make 2 Rows with the new color.

STEP 3 - Make your last 2 Rows with the old color.

STEP 4 - Cut out the old color (you're done with it).

STEP 5 - Make 4 Rows with the new color.

Rep from Step 1 as many times as there are color changes.

How do I distribute color changes?

We can do it in two ways:

1. BY STRIPES

With C1, C2, C3 & C4, you will work strips of 36 (36, 38, 38) [38, 40, 40] {40, 42, 42} rows.

With the Base Color, you are going to work stripes of 13 (13, 13, 15) [15, 14, 14] {16, 15, 16} rows.

In the sleeves you will have 8 extra rows to distribute among the colors you are going to use.

*** For the bigger sizes (9 & 10), consumption in some color stripes may be more than 1 skein. If you are going to knit these sizes, it is better to skip to the next method.

2. BY WEIGHT:

We are going to divide our total consumption by 5 and that will be the consumption of each Color.

With C1, C2, C3 & C4, you will work strips of 44.40 (47, 51.60, 57.20) [61.60, 66.60, 72] {77.4, 84, 89.40} g.

With the Base Color, you are going to work stripes of 14.80 (15.70, 17.20, 19.10) [20.60, 22.20, 24] {25.80, 28, 29.8} g.

THE SHORT ROWS SECTION (COMPLETE) COUNTS AS 2 ROWS FOR COLOR CHANGES.

THAT'S ALL!!! I hope you enjoyed
