## Special techniques and tips

**German short-rows:** see this tutorial for some close up photos [http://www.youtube.com/watch?v=i\\_6PjI20zKA](http://www.youtube.com/watch?v=i_6PjI20zKA) **On a RS row:** Knit the number of stitches as stated in the pattern, turn work, bring yarn to front, slip the first st as if to purl, bring yarn over the needle to the back of your work and pull tight (this creates the double stitch = DS), bring yarn to front. **On a WS row:** Purl the number of stitches as stated in the pattern, turn work, bring yarn to front, slip the first stitch as if to purl, bring yarn over the needle to the back of your work and pull tight (this creates the double stitch = DS). When working over double stitches treat them as a single stitch, means: knit through both legs of the DS on a RS row, purl through both legs of the DS on a WS row.

### Backwards loop cast-on method:

[https://www.youtube.com/watch?v=goOVkdgv\\_ys](https://www.youtube.com/watch?v=goOVkdgv_ys)

*Arcade* is worked seamlessly from the top down. First the neck is shaped by working short-rows back and forth. Then the yoke is worked in the round with raglan increases. When the yoke shaping is complete, the sleeve sts are placed on hold and the underarm sts are cast on, using your preferred cast on method. Then the body is worked in the round to the bottom with an A-line shaping and some beautiful diagonal eyelet stripes. Then sleeve sts are picked up again to work the sleeves top down in the round to the end. As this jumper is worked from the top down it is advisable to try it on from time to time to check the length and overall fit. The length and width of the yoke are easily adjustable by adding/ reducing increases, or adding/ reducing underarm sts.

## Instructions

*Note: Change to long larger needle when needed to accommodate a greater number of stitches.*
