Special techniques and tips

Backwards loop cast on method:

Cable cast on:

<https://www.purlsoho.com/create/cable-cast-on/>

German short rows: see this tutorial for some
close-up photos:

http://www.youtube.com/watch?v=i_6PjI20zKA

On a RS row: Knit the number of stitches as
stated in the pattern, turn work, bring yarn to
front, slip the first stitch as if to purl, bring yarn
over the needle to the back of your work and pull
tight (this creates the double stitch = DS).

On a WS row: Purl the number of stitches as
stated in the pattern, turn work, bring yarn to
front, slip the first stitch as if to purl, bring yarn

over the needle to the back of your work and pull
tight (this creates the double stitch = DS).

Resolving double stitches: When working over
double stitches treat them as a single stitch by
knitting through both legs of the DS on a RS row
(kDS) or purling through both legs of the DS on a
WS row (pDS).

Sabela is worked seamlessly in rounds from the top down. First some short rows are worked back and forth to shape the neck. The yoke is shaped by using a modified version of the contiguous set-in sleeves method developed by Susie Myers. When the yoke shaping is complete, the sleeve stitches are placed on hold and underarm stitches are cast on. The body is then worked in rounds to the hem. The sleeve stitches are then picked up again to work them in rounds top down to the cuffs. Neck is left unfinished.

Stripe sequence
Color changes are worked **every 10 rows/rounds**.
