Santa Fe is worked seamlessly from the top down.
First the right half of the lace patterned
collar/front/upper back piece is worked from the
center of the back. These stitches are placed on hold
to work the left half of the lace patterned
collar/front/upper back piece from the initial cast on
to the same length. Then stitches are picked up from
the long edge of the collar/front/upper back to work
the lower part of the back in Stockinette stitch to
armhole depth. Both collar/front pieces and the lower
back are then joined to work the lower body part in
one piece. A deep 1x1 Rib finishes the body. If desired
stitches for sleeve cuffs are then picked up around the
armholes to work the cuffs in 1x1 Rib top down.
