

elton pullover

knitting pattern by
JOJI LOCATELLI

elton

This light pullover was inspired by my original design, the Elton Cardigan. It features the simplest stripes, but I used two very different yarns: a fingering weight (which shows as solid bands) and a lace weight mohair (see through) creating a delicate game of texture.

The resulting sweater is light as air.

Sample shown in Tosh Merino Light color Silver Lining and Fae color Bone.

Needles: US 2½ [3 mm] and 4 [3.5 mm] circular needles, 32" long. You will need a spare needle size 2½ [3 mm] if you plan to use a tubular bind off as show in the sample.

Other notions: Stitch holders, tapestry needle.

GAUGE

20.5 sts and 36 rows to 4" (10cm) in stockinette stitch in the round on a big circumference with US 4 [3.5 mm] needles (body), stretching out the fabric horizontally when blocking.

25 sts and 36 rows to 4" (10cm) in stockinette stitch in the round on a small circumference with US 4 [3.5 mm] needles (sleeves) without stretching the fabric when blocking (this creates a more dense fabric for the sleeves, which works better for this design).

DIRECTIONS

This pullover is worked from the top down in one piece. The construction starts at the shoulders, with some short rows, while using only the main yarn. After the short rows, you begin using both yarns.

The back and the front are worked separately down to the armholes and then everything is joined to complete the body in the round. The sleeves are later picked up around the armholes and also worked in the round.

All the ribbing bands in the pattern are finished with a tubular bind off for a more professional finish, but you can bind off with any technique that you like.

GLOSSARY

Short Rows

Short rows are a technique used to add extra rows invisibly in the middle of the knitting. You can find several tutorials online. One that I found particularly great is by The Purl Bee.

<https://www.purlsoho.com/create/2008/06/18/short-rows/>

Cable Cast-on

Turn the work so the wrong side is facing you. Insert the right needle (RN) between the first and second stitch of the LN. Knit one stitch, but do not remove anything from the left needle. Now there's a stitch on the right needle, place that stitch onto the left needle. Repeat the steps for however many stitches you're casting on. Insert the right needle between the first and second stitches of the left needle.

Tubular Bind-off (worked in the round)

Round 1: (K1, slip 1 purlwise with yarn in front) to end of round.

Round 2: (Sl1 purlwise with yarn in back, p1) to end of round.

Round 3: Using 2 circular needles, slip the knit sts to one needle and the purl stitches to the other needle. Now you have half of the sts on a 'front' needle and half of the sts on a 'back' needle.

Cut your yarn leaving a tail that is approx. 3 times longer than the circumference of your stitches.

Graft the sts from the front needle together with the stitches from the back needle.
