Pattern Notes

Plum sweater is knitted top-down
using Magic Loop method. Make
sure that you check your gauge
carefully: the size of the sweater will
be influenced by it. In addition,
when you cast on, it is
recommended to use a very tight
cast on because the neck line is
very wide and you need to prevent it
becoming too elastic and getting
even wider. Plum is a reversible
sweater – you can choose to wear it
with the V-neck or with the straight
neck in front.
Hand wash your sweater and dry
flat.
