

SKILLS

To knit this cowl you need to know how to make a provisional cast-on, knit in the round in colourwork, following a chart, pick up stitches, and bind off stitches with the kitchener method.

SIZES

One size.

Height: 21 cm [8.25"].

Circumference: 68 cm [26.75"].

GAUGE

28 stitches and 33 rounds in 10 x 10 cm [4 x 4"] in stockinette stitch in colourwork, after blocking.

NEEDLES

3.5 mm [US 4] circular needles with a cable length of 40 cm [16"], or the required needle size to obtain gauge.

YARN

2 skeins, one in main colour and one in contrasting colour, of Dehesa de Barrera by Wooldreamers (100% Spanish Merino Wool; 410 m / 100 g; 448 yd / 3.52 oz). Leftover yarn in a contrasting colour for the provisional cast-on.

OTHER NOTIONS

1 stitch marker for the beginning of the round. Tapestry needle to weave in ends.

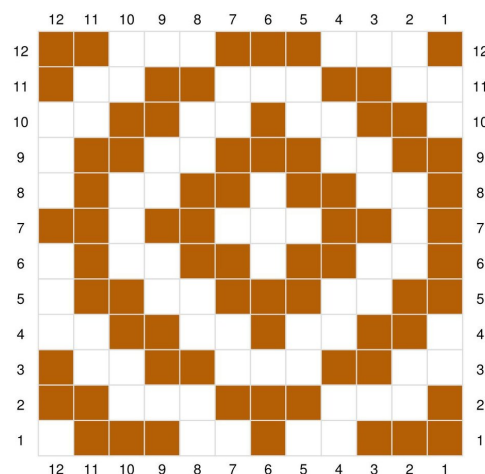

INSTRUCTIONS

Cast on 144 sts with a provisional cast-on using leftover yarn. Join to knit in the round, making sure that the cast-on edge is not twisted, and place the marker to indicate the beginning of the round. Knit across one round with the main colour. Then, work following the chart, repeating rounds 1 to 12 a total of 18 times (or as many times as necessary to reach 68 cm [26.75"], ending on a round 12).

Twist the work 180° before joining both ends together, so that it becomes an infinite-shaped cowl. Remove the provisional cast-on while picking up the stitches, and bind them off together with the stitches on the needles using kitchener stitch and the main colour to join the beginning with the end of the cowl.

FINISHING

With the tapestry needle, weave in all ends. Block and wear your cowl.
