Stitch Guide

Cable Cast-On: Make a slip knot and place it on the left needle. Knit into this stitch and slip this new st onto the left needle purlwise. *Insert the tip of the right needle between the two stitches on the left needle. Wrap the yarn around and draw a loop through. Insert the left needle tip into this loop from right to left and

remove the right needle from the stitch. Repeat from * until the required number of stitches are on the needle, lightly tightening the stitches as you go along.

Knitted-on Cast-On: Make a slip knot and place it on the left needle. *Knit into first stitch. Insert left needle tip into this loop from right to left. Repeat from * until the required number of stitches are on the needle, lightly tightening the stitches as you go along.

Short Row Turn: Work as instructed to the turning point. Turn work. If the next row is a WS row, make a normal yarn over on the right needle. If the next row is a RS row, make a backwards yarn over on the right needle. On subsequent rows, work the yarn overs together with turning stitches using k2tog on a RS row or ssp on a WS row.

Three-Needle Bind-Off: Place the stitches of the two pieces to be seamed on gauge needle(s) or smaller size spare needle(s). With RS together and needles held parallel, use gauge needle to knit together the first stitches on front and back needles, *knit together the next stitches on front and back needles: there will be 2 stitches on the right needle; pass the rightmost stitch over the stitch just worked, one stitch bound off; repeat from * to bind off the desired number of stitches. Draw yarn through remaining loop.
