ABOUT THE PATTERN

The Moulin Rouge Sweater is an elegant top-down, seamless design that features a sophisticated lace pattern and a beautiful mix of materials, adding texture and charm to the garment. Its wider neckline not only makes it comfortable to wear but also gives it a feminine and refined style.

The inspiration for this design comes from the glamour and elegance of the iconic Parisian cabaret, evoking a spirit of sophistication and artistry.

FINISHED GARMENT MEASUREMENTS

A) Bust circumference total:

83 (94, 99, 110, 115) (125, 136, 146, 151) cm / 32.75 (37, 39, 43.25, 45.25) (49.25, 53.5, 57.5, 59.5)".

B) Yoke depth (from the end back neck without neckband):

19 (19, 21, 22, 23) (23, 23, 25, 25) cm / 7.75 (7.75, 8.5, 9, 9.25) (9.25, 9.25, 10, 10)".

C) Underarm to hem body Length:

29 (29, 31, 33, 35) (37, 39, 41, 43) cm / 11.5 (11.5, 12.5, 13.25, 14) (14.75, 15.5, 16.5, 17.25)".

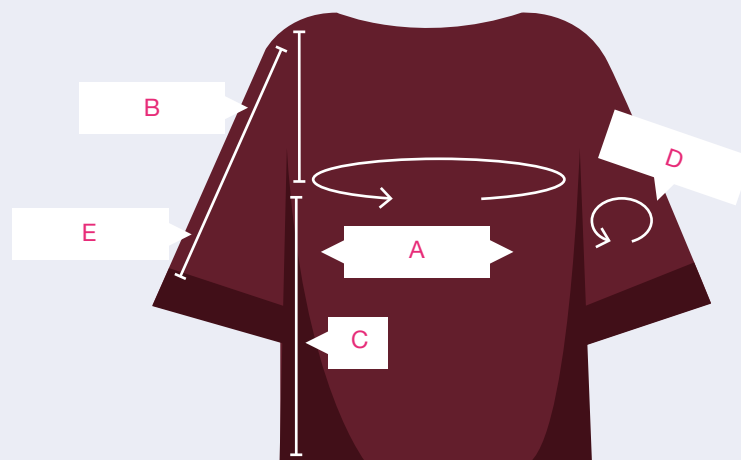

D) Upper arm:

29 (32, 36, 37, 39) (41, 43, 45, 47) cm / 11.5 (12.5, 14, 14.5, 15.25) (16, 17, 17.75, 18.5)".

E) Full sleeve length (without cuff):

22 (24, 25, 26, 27) (28, 28, 29, 30) cm / 8.75 (9.5, 9.75, 10.25, 10.75) (11, 11, 11.5, 12)".

SCHEMATIC

To measure the yoke depth of the armhole, you should place your tape measure on the highest part of the shoulder (where the shoulder bone protrudes) and measure until the underarm. Place the tape measure under both underarms around the fullest part of the bust to measure the bust circumference. When choosing your size, I recommend that you decide it based on the bust circumference. Still, if you find that the size you selected has a very deep yoke, you can adjust it by working fewer rounds of the yoke increase sections simply following the size with the yoke depth measurement closest to your desired depth.

SPECIAL TECHNIQUES

German Short Rows (GRS)

Work to the turning point and turn after a knit or purl stitch. Slip the first stitch on the left-hand needle, knit wise or purl wise. Bring the yarn to the back and pull in tightly so that both legs of the stitch in the row below are on the needle, creating a double stitch (when you return, you must knit the double stitch together).

M1L

Lift the bar between the stitch you just worked and the next, place it on your right hand needle and knit it through the back loop.

PATTERN NOTES

Note°1: Before starting your project, make a swatch to ensure you have the correct tension and that your sweater will come out to the correct final measurements. If you have more stitches per inch than indicated, your tension is tighter, and you must go up a needle size or two. If you have fewer stitches per inch than indicated, your tension is looser, and you need to go down a needle size or two.

If you changed the size of your main needles to obtain a gauge, you would also have to change the needles sizes of your ribbing needles to 1 size smaller, respectively.

Note°2: Rows are worked flat and Rounds are worked in-the-round.

Note°3: The text in lilac are video links.
