Toddler (Child, Adult S, **M, L, XL**)

technical notes

make 1 Left : Using the LH needle, lift the bar between sts from front to back. Knit through the back of the picked up st with RH needle. [1 st increased, leans left]

make 1 Right : Using the LH needle, lift the bar between sts from back to front. Knit through the front of the picked up st with RH needle. [1 st increased, leans right]

ssk: Slip the first stitch on the left needle knitwise. Repeat for the second stitch. Insert the left needle into the front loops of these stitches from left to right and knit them together [1 st decreased, leans left]

pattern

- These mittens are NOT knit identically. The left and right mittens use different increases to create the thumb gusset.
- These mittens are knit in the round from the bottom up. A thumb gusset is created using m1L or m1R increases. The thumb sts are held on scrap yarn while the palm sts are worked. The thumb sts are then placed back on needles and worked in the round.
- After working the thumb gusset, you can choose to knit either fingerless or full mittens.
- You will need to use a stretchy cast on for this pattern. I highly recommend the Old Norwegian or Tillybuddy's cast on methods. See "Resources" on p.3 for more information.
- All slipped sts should be slipped **purlwise**.

fingerless AND full mittens

CUFF

(worked identically for both left & right)

Using **SMALLER NEEDLES**, CO 36 (40, 48, **56, 60, 64**) sts. Place BOR marker and join to work in the round.

Work **2x2 Ribbing** (k2, p2) until work measures 1.25 (1.5, 2, **2, 2, 2**) inches from the CO edge. If you would like to add length to your mittens, do so here by working additional ribbing. Remember that adding additional rounds will increase your final yardage.

(NOTE on Ribbing: If you are using a self striping yarn, knit the first round of each new color. When you have completed the first round of the new color, continue working 2x2 Ribbing until you reach the target length.)

Change to **LARGER NEEDLES** and knit 5 (6, 7, **8, 9, 9**) rounds.

LEFT THUMB GUSSET

Palm Set-up: Slip the NEXT 12 (16, 19, **21, 21, 21**) sts onto a piece of scrap yarn to hold for thumb. **See PHOTO HELP on p.3 (FIG.1)** [36 (40, 48, **56, 60, 64**) sts on needles, 12 (16, 19, **21, 21, 21**) sts on scrap yarn]

Work **Round 1** 12 (16, 19, **21, 21, 21**) times. [48 (56, 67, **77, 81, 85**) sts]

Palm Set-up: Slip the LAST 12 (16, 19, **21, 21, 21**) sts you just knit (the sts at the end of the last round) onto a piece of scrap yarn to hold for thumb. **See PHOTO HELP on p.3 (FIG.2)** [36 (40, 48, **56, 60, 64**) sts on needles, 12 (16, 19, **21, 21, 21**) sts on scrap yarn]

fingerless AND full mittens

FINISHING

Weave in all ends. For the best results, be sure to wet block your finished mitts. Soak the mittens in cool (not cold, not hot) water, squeezing to remove the air bubbles. Squeeze out water, but do not wring. Roll the mittens in a dry towel burrito-style and press on it to remove excess water. Lay flat to dry, using a measuring tape to be sure they are laid out with the correct dimensions. You're finished!
