BOOK THREE

BY STEPHEN WEST

ABOUT

Book Three contains 10 new knitting patterns with Stephen's signature colorwork and clever construction details. Most of the unisex accessories are quick knits while a large circular blanket and felted bag will have you knitting contently throughout the chilly fall months. You'll find some spin-offs of Stephen's favorite construction styles in addition to new shapes and textures. So, grab your yarn and needles and cast on something new this woolly season!

Stephen West, born and raised in Tulsa, OK, is currently based in Amsterdam where he studies choreography at the School for New Dance Development. Stephen's designs have been published with Malabrigo Yarns, Knitty.com, and in Jared Flood's Wool People. In addition to self-publishing his own series of popular pattern books, he loves traveling to yarn shops and events to teach knitting workshops on colorwork, top-down shawl technique and design.

FOREWORD

I usually start a new design by choosing a yarn and color first. I then work with that particular fiber and yarn structure to achieve a fabric that it wants to become. If I try to fight the yarn, the yarn always wins, which is why I love knitting swatches and small accessories to get acquainted with the yarn. For Westknits Book Three, I used a wide variety of yarns from different companies and independent dyers. Some are old favorites while others are new findings.

MOOSE RIVER

This collection began in the fall of 2010 with the discovery of a new yarn from Kristen of Skein, an independent hand-dyer in Australia. Her shimmering silk/merino was a dream to knit with and her colors continue to be some of my favorites. The luscious and drapey yarn begged to be around my neck. I listened and made the Moose River cowl, which was the first design for Book Three.

I started with a color palette of steel grays, light blues, greens, and lavender. My Spectra scarf was actually slated to be part of this collection, but I soon found myself gravitating towards my beloved rustic oranges and browns. I'm becoming very predictable when it comes to selecting colors these days. I couldn't force myself to not knit with my favorite natural wools like those from Beaverslide Dry Goods, a family owned and run business in Montana that raises Merino Sheep. Several years ago I made one of Elizabeth Zimmermann's Pi Shawls and loved the process of knitting the large round fabric. I've always wanted to make another circular blanket, so I utilized the soft Beaverslide yarn to create Old Forge.

OLD FORGE

Another favorite wool of mine is Elsa Wool, a ranch in southwestern Colorado, that raises Cormo sheep. This incredibly soft sheep breed produces the most comforting fabric, which I used for the slouchy textured Dustland Hat.

I knit another Dustland Hat using Swans Island 100% organic merino yarn from Maine to add some light natural color to the book's palette. You won't believe how soft and drapey this yarn becomes, especially after blocking.

One of my trips to London's Loop yarn shop brought me in contact with Shilasdair, a company in Scotland that uses natural dyes to achieve stunning effects. I promptly whipped up a pair of slouchy fingerless mitts in an Angora/Cashmere/Lambswool blend to match the Dustland Hat.

DUSTLAND MITTS

WEDGEWOOD

I continue my love of mixing natural colors with hand-dyed yarns in the Wedgewood Scarf. Another favorite hand-dyer of mine, Beata from Ireland, never ceases to amaze me with her range of subtle to intense colorways that she dyes under the name Hedgehog Fibres. I combined Beata's yak/bamboo blend with her variegated sock yarn in this lengthwise scarf with buttons.

LONGVIEW

Misti Alpaca, based in Illinois, gets its alpaca from Peru and they do a nice hand-dyed alpaca/merino blend featured in the Longview scarf and cowl. The alpaca gives the fabric a nice density and drape while the merino wool provides brilliant body and stitch definition, perfect for seed stitch and thick cables.

Madelinetosh is always a go-to yarn for me when knitting a design with more than one color. Their color range is phenomenal and the iridescent Pashmina yarn base makes simple colorwork and stitch patterns shine. The cashmere content doesn't hurt either. Semi-solid colorways like Boxwood and Wren highlight and shade the fabric making us knitters look very clever and classy. I returned to one of my favorite shawl shapes, same shape as Herbivore, because I find myself wearing that shape the most as a casual everyday scarf. Thendara is essentially a striped Herbivore with a different stitch pattern in the increase motifs: simple, fun, and striking!

THENDARA

SEAWAY

My red Sundara Windschief hat is my all-time favorite hat to wear so I tried to make another favorite grab-and-go hat, which resulted in Seaway, a beanie with cables and twisted stitches. I returned to the Windschief construction method because a quarter of the fabric is worked on a bias, giving the brim an asymmetric angle that frames the face nicely. I love this shape for a men's hat, but it looks just as good on women too. This time I chose a lighter DK weight fabric with Rowan Felted Tweed. I've been grabbing this hat all time.

I've seen The Fibre Company yarns in local shops before, but never knit with them until recently when I used Road to China Light for my first Mystery Shawl KAL. That yarn is pure luxury and Terra doesn't disappoint either. The sophisticated

BEDROCK

colors in addition to Terra's heavenly soft and rustic texture make it a stand-out yarn. I haven't seen anything like it before and I only used two skeins to make Bedrock, a bumpy textured hat that can be slouchy or more fitted if you fold the asymmetric brim. The dense alpaca makes it one of my coziest hats to date.

One of the last additions to the collection was the Sun Satchel using Noro Kureyon and a local wool produced in Portugal called Retrosaria Beiroa. I went through a big felting phase about 4 years ago and remembered why I felted so much after making this bag. The felting transformation is always a magical experience when you pull your new woolen creation out of the washing machine. It's suddenly not so magical when you pull out a sweater that was accidentally thrown in the wash.

SUN SATCHEL

I adore discovering new yarns to play with, and I'm always comforted by my favorites that I return to time and time again. I hope you will enjoy knitting these designs with your own favorite yarns or you can try using some of the ones I recommended. Either way, I hope you find some inspiration within these pages as you knit for yourself and others .

LONGVIEW

Longview is a chunky textural scarf with exaggerated cables and seed stitch. Knit the larger dramatic scarf or follow instructions for a smaller neckwarmer. The neckwarmer features a hole in the fabric and a button closure so that one end can enter into the hole and wrap around the neck to be buttoned. Choosing a soft chunky yarn will make this project both quick and enjoyable.

Sizes: Neckwarmer [Scarf]

Finished Measurements: 7" / 18cm wide, 42 [84]" / 107 [213]cm long.

Yarn: Chunky weight

Yardage: Neckwarmer – 215yds / 197m, Scarf – 465yds / 425m

FINISHING

Break yarn and pull it through last remaining stitch. Sew I-cord closed to form a buttonhole on the neckwarmer. Then, sew a button at the other end as pictured. Weave in ends.

SUN SATCHEL

This circular bag is a fun adventure in felting and simple colorwork. Two circles are worked outward from the center to create a graphic sun motif. Then, the sides of the bag and strap are knit in one continuous piece and seamed to the two sun circles before felting. Optional afterthought pockets store belongings inside the bag while a button and loop secure the top flap for a semi-circular look.

Finished Measurements: 22" / 56cm diameter before blocking. 16" / 41cm diameter after blocking. The size of the finished bag can vary depending on how severely it is blocked.

Sew pocket to inside of the side strap.

Large Pocket (ideal for wallet, camera, or a bigger snack)

Using color A, CO 32 sts.

K 56 rows (28 garter ridges).

Sew pocket to inside of sun motif.

FINISHING

To assemble the bag, sew the side edge piece (the part that is 24 sts wide) to the sun motif circles as pictured using color B. The thin strap and increase section of the strap is not sewn to the sun circles, only the 24-stitch wide strip of fabric is attached to the sun circles. Felting will help hide any untidy sewing.

I-cord buttonhole: Using color A, CO 3 sts. *K3, sl those 3 sts back to left needle, repeat from * until I-cord measures approximately 5" / 13cm. Break yarn and pull it through the 3 sts. Sew I-cord to top edge of sun circle as pictured.

Weave in ends. Felt the bag by putting it into the washing machine on a hot wash cycle, checking regularly on its progress. Sew button to the center of the sun motif that doesn't have the buttonhole so it can close as pictured.

MOOSE RIVER

Wrap yourself in luxury with this slouchy cowl. Reversible cables and simple knit purl stitch patterns saturate the fabric with texture, resulting in a completely reversible design. I chose a delicious silk/merino single ply for a drapey effect, but alpaca or wool yarns would also make wonderful fabrics.

Finished Measurements: 14" / 36cm long from CO to BO, 36" / 91cm circumference

Yarn: Worsted weight

SEAWAY

This stylish beanie hugs the head with its soft and tweedy fabric. A quarter of the hat features twisted stitches and cables worked on a bias. This biased section also gives the brim a slight asymmetric angle that frames the face with subtle fierceness.

Finished Measurements: 21" / 53cm circumference. Hat is designed to fit an average 21" / 53cm to 24" / 61cm circumference head. Hat is shown on a 22.5" / 57cm head. Different sizes can easily be achieved by altering needle size and/or yarn weight.

BEDROCK

I love playing with different brim shapes! This hat uses short row shaping to create a wider section so that the brim can be folded up, giving your noggin extra warmth and an asymmetrical accent. The brim can also be worn unfolded and pushed back for a slouchy effect. Loose bobble stitch gives a density and textural interest to the main body of the hat.

Finished Measurements: 21" / 53cm brim circumference, Hat is designed to fit an average 21" / 53cm to 24" / 61cm circumference head. Hat is shown on a 22.5" / 57cm head. Different sizes can easily be achieved by altering needle size and/or yarn weight.

You just created 3 stitches from that 1 stitch.

THE NDARA

I don't think anyone can have too many shawls so I returned to one of my favorite construction methods to whip up this graphic top-down design. Two colors are worked with increases to form a triangle and then two additional locations of increases are added, which transform the shape into a unique piece of architectural knitting. The extra fabric formed by the increases causes the shawl to drape beautifully whether it is resting across the shoulders or tossed around the neck.

Finished Measurements: 15.5" / 39cm from CO to BO along center stitch, 58" / 147cm wingspan along top edge stitches. Measurements taken after blocking.

Yarn: Sport weight

Yardage: Color A: 270yds / 247m, Color B: 210yds / 192m

Shown in: Madelinetosh Pashmina (75% Merino, 15% Silk, 10% Cashmere; 360yds / 329m per 120g skein), Color A: Wren, Color B: Boxwood

Needles: 32" US 4 / 3.5mm circular

Gauge: 24 sts and 36 rows = 4" / 10cm in stockinette stitch

Pattern Notes: Slipped sts are slipped wyib on the RS. Slipped sts are slipped wyif on the WS. The tendency is for the right edge to be tight where the color change takes place. Carry yarns loosely along that right edge when striping so that there is enough stretch to allow for blocking. Repeat Rows 1-4 of Section 2 for a larger shawl.

INSTRUCTIONS

WEDGEWOOD

Garter and stockinette stitch are featured in this fingering weight length-wise scarf, made to show off a pair of beautiful yarns. Short row shaping in the stockinette section creates long wedges, perfect for colorful variegated or self-striping yarns. Three I-cord buttonholes with toggles add to the many different ways of wearing this scarf.

Finished Measurements: 70" / 178cm long, 13" / 33cm wide at widest point. Measurements taken after blocking.

Yarn: Fingering weight, Color A: 420 yds / 384m, Color B: 200 yds / 183m

Shown in: Color A - Hedgehog Fibres Yak Yarn (75% Yak Down, 25% Bamboo; 383yds / 350m per 100g skein); Color B - Hedgehog Fibres Sock Yarn (85% Superwash Merino, 15% Nylon; 383yds / 350m per 100g skein), Colorway: Winter Thaw

Needles: 32" US 4 / 3.5mm circular

Notions: 4 stitch markers, tapestry needle, three 1-inch toggles or buttons

Gauge: 22 sts and 40 rows = 4" / 10cm in garter stitch

Pattern Notes: In Rows 1-10, the 1st stitch marker refers to the one closest to the right edge with RS facing, so the last stitch marker is the one closest to the left edge with RS facing.

Repeat from ** 7 more times, resulting in 8 color B wedges. Break color B.

Continue repeating Row 10 twelve more times, ending with a WS row. There should be 8 garter ridges.

FINISHING

BO all sts loosely on following RS row as follows, (k2tog tbl, slip stitch back to left needle) to end of row. Break yarn and work 3 I-cord buttonholes evenly across the skinnier end of the scarf.

I-cord buttonholes: Pick up and k4 sts on the WS of I-cord edge (at skinnier end of the scarf). (K4, sl4 sts back to left needle) 10 times or until I-cord is desired length. Break yarn and pull it through the 4 sts. Sew I-cord down to WS of fabric to form a loop.

Weave in ends and block lightly to smooth fabric. Then, sew 3 buttons as pictured. Button placement can vary so try the scarf on to gauge where you would like the buttons to go.

OLD FORGE

This big blanket is worked from the center outward in a cozy worsted weight wool. The bold colorwork sun transitions into simple lace followed by a knit/purl chevron pattern, and finally finishes with an attached garter stitch edge. Old Forge is sure to keep your lap warm while you eagerly knit each section. Try working with a fingering weight yarn for a lighter shawl/wrap.

Finished Measurements: 65" / 165cm diameter. Measurements taken after blocking.

The Sun Satchel doubles as a hat!

Dustland Hat – The perfect accessory for sassy lumberjacks.

Susan's dog ready for her closeup.

I wouldn't let the reporter in Iceland interview me unless he modeled the hat.

Iceland's ocean wind made photographing scarves quite difficult.

"In today's knitting world Stephen is the king of shaping and beautiful drape. His designs are clever, flattering and the patterns well written and easy to follow. It's easy to see why knitters of all skill levels just can't get enough of Westknits."

– Ragga Eiriksdottir,
www.knittingiceland.is

Through the use of simple elements and striking color techniques, Stephen proves that good pattern design is more a matter of good taste than complicated knitting. Because the complexity in his design lies in the design itself and not in the technique, his patterns are accessible to knitters at many levels of proficiency."
